

10.10.2014

Dear all,

The online registration for International Masterclasses 2015 opens on Oct 16, 12:00 CET. The registration process will follow the same procedure as we had last year: Slots for each measurement will be offered, with a maximum number of 5 institutes per slot. You choose your date and sign up. From our side, we consider this as a fixed booking, so your slot in the video conference is fixed without further confirmation. Registrations will be done on a first come, first served basis.

The links for the registration will be sent on Oct 16, 12:00 CET.

International Masterclasses 2015 will cover 6 different measurements:

- ATLAS W path
- ATLAS Z path
- CMS
- ALICE Looking for Strange particles
- ALICE R\_AA
- LHCb

1. Separate doodles covering the video conferences with CERN (16:00 CET) are available for all measurements from Oct 16 on.
2. In addition, there are more slots for ATLAS Z and CMS with Fermilab video conference. For details, see the two additional doodle polls.
3. If you plan to participate in the program without joining a video conference: Please do not use the doodles to register, but send a separate e-mail.

Please do not hesitate to contact Ken ([kcecire@nd.edu](mailto:kcecire@nd.edu)) or me ([uta.bilow@physik.tu-dresden.de](mailto:uta.bilow@physik.tu-dresden.de)) in case of any question.

Kind regards,  
Uta
